User Access Agreement Information

Your organization has a subscription to the IHI Open School courses. Would you like to use that subscription to access the courses?

If you use your organization's subscription, you'll be able to take the courses for free until the subscription expires.

However, by using your organization's subscription, you are agreeing to allow a key contact from your organization to view your usage of the courses and your test results. If you don't want your organization to be able to view your usage and results, click "No" and then click "Continue" to purchase a subscription of your own.
